

# Capabilities Statement

## Leadership Biographical Summary

John Wilkerson is Managing Director, Bellwether Logistics Services, a Consulting & International Supply Chain Operations firm, based in Atlanta, GA. He is a supply chain professional with 22 years experience in international & domestic transportation, sales & operations planning, procurement and industrial engineering. Prior positions include North American Supply Chain Leader, US and Canadian Divisions. Other roles include Division Quality Manager, Regional Distribution Manager, International Transportation Manager, Process Improvement Manager and Production Team Leader. John holds a M.A. in Management and B.S. Education. John served as a commissioned officer in the US Military. He was assigned to the US Army Forces Command, Army Training & Doctrine Command, Army Material Command and Defense Contract Management Command.

## Company Background:

Bellwether Logistics Services was established as Consult Quality, LLC in 2001 as a Quality Management System designer for Tier 1 Federal Government Suppliers. Consult Quality, LLC matured to a point which it formally launched Bellwether Logistics Services, in 2004. Bellwether has expanded its service offering to include International and Domestic Supply Chain consultancy, Six Sigma projects, and ISO 9001 Quality Management System development.

Bellwether Logistics Services is currently certified as a Service Connected Disabled Veteran (SCDV), Veteran Owned Business (VOB), Government Small Business, and Minority Business Enterprise (MBE). Bellwether has applied for the SBA Small Disadvantaged Business program.
