

# Supply Chain Consultancy Fact Sheet

## Who are we?

With 4 offices, Denver, Kansas City, Washington, & Atlanta, and more than 150 years industry, Bellwether Services has mastered the application of Lean Six Sigma.

Bellwether was founded in 2001 as Consult Quality, LLC, Hampton, GA. During our start up phase, our mission was to develop Quality Management Systems (ISO 9001:2000) for Federal government Tier 1 Suppliers. We expanded our services to Six Sigma and Supply Chain consulting for both the commercial and government sectors. We pride ourselves in providing independent & unbiased advice.

## Our Approach

We utilize the Define, Measure, Analyze, Improve and Control (**DMAIC**) Six Sigma methodology for existing processes or products that are not meeting consumer expectations. Sample tools include:

SIPOC  
Gage R & R  
Value Stream  
Two Way ANOVA  
Correlation Analysis

The Define, Measure, Analyze, Design & Verify (**DMADV**)

Six Sigma methodology is used for new processes or products. Sample tools include:

Process Flow Charts  
VOC/ CTQ/FMEA  
Affinity Diagram  
Simulations  
DOE

## Precision

The Perfect  
Integration of  
all Parts
